

M4 V2 CARBINE AIRSOFT

The quality built M4 V2 has been improved and adds a superior Hop Up Unit, M-Lok™ Rail System and a Tactical Pistol Grip to an already awesome full-auto / no batteries required platform.

This authentic M4/AR styled rifle comes with a 1 year limited warranty and service that is unique to the Airsoft Industry. Key features continue to include Tippmann's proven inline bolt system, adaptable air system and rate of fire/velocity adjustability. Unlike other HPA systems, no secondary regulator is required.

Full metal durable construction and compatible with many M4/AR components make this airsoft gun a true leader in the sport.

94163
